M.Phil Clinical Psychology entrance batch - 2021

Saktishree SK

"I thank RUFA Education and the entire faculty. I got to learn so much more and all the tests that we wrote really helped when I answered the paper. The members of the group and all the peer discussion over the group also played a huge role in finding the right answer to questions. Over the past few months, I got to learn so much more and I am really grateful to the RUFA team for that. I had many personal requests as well due to varied entrance dates but all the teachers from RUFA were very patient in directing me the right way and providing with material. It really helped me prepare well for the exam and the interview. I am immensely grateful to have come across RUFA and to have learnt a lot from here."

RUFA has played a major part in improving my knowledge. I would like to say a big thank you, to the faculty for putting in effort to present comprehensive materials which enhanced familiarity with topics. Also, the mock tests acted, as a guide, to help understand areas which required improvement. I appreciate everyone at RUFA for being extremely supportive.
